Inside Sales Engineering

Part numbers created with the Watlow SELECT® VISUAL DESIGNER™ are considered by Watlow to be standard catalog products and are not exclusive. They may be sold to other customers that configure the same options. Watlow reserves the right to change materials and production processes at any time without notification.

Product geometry and dimensions not to scale. Image is intended for aiding in basic selection guidance.

Part(s):

Part Number	Quantity	Lead Time Options
-------------	----------	-------------------

2389-3562	2	The estimated shipment date is Jul 29, 2025
-----------	---	---

Configuration Details

Diameter (in.) (B)	.122" +/- .002"
Overall Length (in.) (A)	1.000
Length Tolerance	+/- 3/32
Voltage (V)	24

Terminations	Swaged In
End Seal	Leads
Lead Type	No Seal
Lead Length (in.) (E)	Fiberglass (GGS)
Solid or Stranded	12
Sheath Materials	Solid
LINE 5	Alloy 600
Lead End No Heat (in.)NOM (D)	0.250
Disk End No Heat (in.)NOM (C)	0.31
Watt Density (w/in ²) NOM	10.5

[Feedback on your experience is welcomed and encouraged.](#)
We appreciate the opportunity to be your thermal solutions supplier.
